

Chemistry Syllabus: Ist Term Exam – Class 11/12

Syllabus Class-11 Chemistry!

- Physical Chemistry:
 - I) Stoichiometry: Laws of Stoichiometry, Mole Concept, Limiting Reagent
 - II) Atomic Structure up to Quantum Number
 - III) Classification of elements & Periodic Table
 - IV) Oxidation & Reduction including electrolysis
 - V) Gaseous State
- Inorganic Chemistry (Chemistry of Non Metals):
 - I) Sulphur & it's Compounds
- Organic Chemistry:
 - I) Basic Concept of Organic Chemistry
 - II) Detection of foreign elements

Syllabus Class-12 Chemistry!

- Physical Chemistry:
 - I) Volumetric Analysis
 - II) Ionic Equilibrium
- Organic Chemistry:
 - I) Haloalkane including Chloroform
 - II) Haloarenes
 - III) Alcohol up to Victor Meyer's Method
 - IV) Ethers
 - V) Nitro Compounds (Only Nitroalkanes Part)
- Inorganic Chemistry: (Heavy Metals)
 - I) Copper
 - II) Iron including Steel
